

DUNN SCHOOL DIGITAL CITIZENSHIP AGREEMENT

SCOPE

The Dunn School Digital Citizenship Agreement defines the rights and obligations of Dunn School technology users (students, faculty, staff and visitors) and the policies of the Dunn School Technology Department. This agreement replaces the previously published Acceptable Use Policy.

DUNN SCHOOL NETWORK OVERVIEW

Dunn School provides a Local Area Network (LAN) connected to the Internet. This allows Dunn School technology users to access a wide variety of computer and information resources. The goal in providing these resources is to promote educational excellence, communication of ideas, and freedom of inquiry.

The guiding principles of the Dunn School LAN are the Dunn School Core Values. This Agreement is further informed by the American Library Association Library Bill of Rights. The Dunn School LAN passes electronic traffic freely, with a minimum of constraints as specified in the Children’s Internet Protection Act. The Dunn School LAN is available to students daily from 6 AM to Midnight.

Dunn School is the sole owner of the Dunn School LAN. This includes user names and passwords, all servers, cables, routers, switches, wireless access points, hubs, school owned computers, software, student and faculty e-mail, and all data stored on the servers. Access to the Dunn School LAN is provided at the discretion of Dunn School.

UNACCEPTABLE USE

Use of the Dunn School LAN must be consistent with the Dunn School Core Values. The following activities constitute violations of the Digital Citizenship Agreement:

- Making, broadcasting or retransmitting a photograph, video or audio recording of any school activity including but not limited to class discussions without the explicit permission of the person being photographed or recorded.
- Utilizing another user’s credentials (i.e.: user name, password), giving your credentials to another user or in any way attempting to disguise your identity.
- Any unauthorized access to the Dunn School LAN, either physical or virtual.
- Any malicious attempt to modify, harm, or destroy data on the Dunn School LAN, or any other system or network unless the user has authorization to perform these tasks.
- Participating in any type of criminal activity, including downloading, copying or distributing copyrighted materials.
- Committing an act of plagiarism.
- Committing an act of cyber-bullying which is defined as: “when a child, preteen or teen is tormented, threatened, harassed, humiliated, embarrassed or otherwise targeted by another child, preteen or teen using the Internet, interactive and digital technologies or mobile phones.”

SECURITY

Security on the Dunn School LAN is a high priority. Notify the Dunn School Technology Department immediately if you identify a security problem on any component of the Dunn School LAN. Never demonstrate the vulnerability to another user.

There is no anonymity on the Dunn School LAN. The Technology Department monitors use of the network for diagnostic and security purposes. All activity on the Dunn School LAN including e-mail messages, web searches, print jobs, and network storage is not anonymous.

PENALTIES

Violating the Digital Citizenship Agreement is a violation of school rules. Penalties for violations may include disciplinary actions including Friday night detention, work crews, suspension, expulsion, and/or criminal prosecution. The Dunn School Technology Department will cooperate fully with investigations by law enforcement agencies. Users of the Dunn School LAN will be responsible for any and all legal fees caused by their misuse of the Dunn School LAN.

PRIVATELY OWNED COMPUTERS

You may connect your privately owned computer to the Dunn School LAN; however, the following rules apply: all privately owned computers must be registered with the Dunn School Technology Department and must be running up to date antivirus software. The registration process may include the School documenting the privately owned computer's Media Access Control (MAC) address for identification on the Dunn School LAN. Users may not connect any hubs, switches, routers, wireless access points or servers to the Dunn School LAN without explicit written permission from the Dunn School Technology Department.

DISCLAIMER

The ultimate responsibility for appropriate use of the Dunn School LAN resides with the user. All users of the Dunn School LAN are required to report violations of the Digital Citizenship Agreement to the Dunn School Technology Department.

Dunn School takes reasonable precautions to protect the Dunn School LAN from harmful content. Technology makes absolute control of all on-line activities impossible. Dunn School is not liable for any damage to user systems incurred while connecting to the Dunn School LAN or the Internet.

Any changes to this document will be announced and distributed to the Dunn School community before taking effect.

I have read and understand the Dunn School Digital Citizenship Agreement.
